

MB Docket No. 04-233

Dear FCC:

K-LOVE radio station 105.5 WMJQ Brockport-Rochester, New York is an integral part of my day. I enjoy listening to its quality programming which is of a 24/7 music format that is very encouraging and uplifts my spirit. As a supporter of this station, along with many others in my community who enjoy the impact which K-LOVE has on our lives, I can say that this new law which is going into affect as regards the LPFM service would technically discourage stations such as KLOVE from playing the music that it does. A station of a Christian format such as this one helps me to grow in my beliefs in Jesus Christ as my personal Lord and savior and encourages me to grow closer with Him in my daily life. The Bible talks about spreading the Good News of the Kingdom through music and encouraging words which KLOVE has been doing for the past several months in my area.

It is my firm conviction that if KLOVE were replaced by a LPFM station, that we would lose the opportunity to have a right to our first amendment freedom of religion which, I firmly am convinced, includes a belief in a personal relationship with Jesus Christ as Lord and savior. There are so many other voices in the air today which can be at times confusing and at times hard to understand, but the main point here is that, since we Americans fought for our freedom, we are entitled to have a say in what is played on the airwaves of our local communities. K-LOVE has that voice of truth which is that of positive and encouraging music that is of a Christian nature, which spreads the promise of eternal life to all who wish to take what I firmly believe is important to any one who wishes to have a voice.

Every one has a choice to make, and choosing to take an extra step of faith in Jesus Christ is a key part to every American citizen. K-LOVE may be the only way that some can hear and understand, thus being a key part in someone making a decision to come to a closer walk with Jesus. The truth of that gospel message which is spread on K-LOVE sets people free. And that freedom to choose is what I believe in. Since I have chosen Jesus as the only true God in whom I believe, K-LOVE as that voice of truth to the masses, I believe, will spread that truth to all who choose to listen.

Sincerely,

Paul Rodgers
